

Change to Camp Store Process

Recently Camp Grant Walker activated a new online camp store as well as plans to install a new computer point of sale system within the actual store at camp. This allows for the store inventory to be managed closer as well as offer a more efficient way of conducting business during summer camp. Additional information will be released within the upcoming weeks related to the process of purchasing "store credit" for summer campers.

Attn: Parents! Please see the information below about the online store. You have the option to purchase items BEFORE or AFTER Camp too!

Camp Grant Walker Online Store

Please encourage all your summer campers to go to <https://la4hstore.com/> to view all merchandise offered by the Camp Grant Walker Store. Parents can use the store to view prices of merchandise to help determine the amount of funds to provide to their camper. Also, if campers would like to purchase items before or after camp, it is now accessible to do so!
