Version: 0

## LSU AGRICULTURAL CENTER POLICY STATEMENTS (AGCENTER PS)

---

### **Purpose**

To provide directives and policy statements to LSU Agricultural Center employees in a standardized method.

### **General Policy**

The LSU Agricultural Center Policy Statement (AG CENTER PS) series is established to provide a uniform method for informing Center employees of newly established policies or to clarify existing directives or regulations. The Agricultural Center Policy Statements will be issued as necessary and will be distributed to appropriate administra-

tors. Copies should be maintained so that they are readily available to all employees.

All LSU Agricultural Center employees should be informed of these policy statements. Individuals who are jointly employed by two or more campuses of the LSU System shall be responsible for conforming to all appropriate rules, regulations, and policies. Those individuals whose primary (greater than 50 percent) employment is with the LSU Agricultural Center, shall be responsible for conforming to the Agricultural Center Policy Statements if these statements conflict with policy statements of another campus.
